Subject: Wednesday November 16, 2005 Ways and Means Committee Hearing, FairTax

Mark Foley:

The FairTax Act of 2005 must be discussed during the Wednesday hearing. This legislation will result in a Fair, Simple, and Transparent method for funding the required activities of the federal government.

I applaud your current support of FairTax Act of 2005 and encourage you to support inclusion of the FairTax Act of 2005 in the hearing discussions. I further encourage you to become a co-sponsor of the bill.

Sincerely,
